

MATERIALS:

- 3 Pocketed Vinyl Banners
- 6 Top/Bottom Pre-Drilled Poles
- 3 Sets of X-poles
- 3 X-pole Grommets
- 6 Top/Bottom Connecting Grommets
(Should be affixed to top/bottom poles)

1 STEP ONE

Lay banners face down on a clean surface. Make sure all "DIRECTION" parts are oriented the same.

2 STEP TWO

Put the X-poles into each corner of the separate banners. Insert the tips of the X-poles into the pre-drilled holes on the top and bottom poles.

3 STEP THREE

Connect the ends of the top and bottom poles of all three panels with the rubber grommets provided.
